WE MUST HAVE A WAY TO CONTACT YOU BEFORE THE EVENT. YOU WILL BE NOTIFIED OF A SCHEDULED TIME FOR YOU TO REPORT TO THE COLLECTION SITE AND YOUR CONFIDENTIAL IDENTIFICATION NUMBER.

Inventory of wastes you want to dispose of at this collection event

Please complete the attached waste inventory sheet to list the wastes you will bring to the collection event. Make additional copies of the inventory sheet if needed. Return the completed inventory sheet(s) with this application. Instructions for completing the waste inventory sheet are below. Only wastes that have been pre-registered and approved by Clean Harbors Environmental Services will be accepted at the collection event. **Radioactive materials, explosives, infectious medical wastes, certain poisons, very reactive wastes, and unknown wastes are not accepted at these events. There is no quantity limit for collection of waste pesticides and mercury.**

If you have trouble identifying the active ingredients in the pesticides you wish to dispose of, or are concerned about leaking or degraded pesticide containers, please contact Lisa Kilders at 503-210-6002. She will direct you to a technical assistance contact.

Instructions for Completing Waste Inventory Sheet

1. **Source:** Please indicate whether the pesticides you are disposing of come from an active farm, a residence including those converted from farm uses), a nursery operation or a golf course.
2. **Item Number:** Number each item (or category group of items) you want to dispose of at the collection event. Each item should have an individual number on its container as reference. The container number should correspond to the completed inventory sheet(s) submitted to Clean Harbors Environmental Services.
3. **Waste Description:** Describe, in as much detail as possible, wastes that you want to dispose of at the collection event. The description should include the chemical and trade name, how you use the material, physical state (i.e., liquid, solid, sludge, gas), chemical characteristics (e.g., flammable/ignitable), and chemical constituents and percentages from the label or material safety data sheet (MSDS).
4. **EPA #:** For pesticides (e.g., herbicides, fungicides, rodenticides, etc.), please include the EPA registration number if available, trade name and percent concentration
5. **Quantity:** List the quantity of waste you want to dispose of at the collection event. As a rule, list liquids in gallons and solids and sludges in pounds. When listing waste quantities, be as accurate as possible. **DO NOT** include wastes that you do not want to dispose of at the collection event, nor containers of unknown waste substances. Please avoid mixing your wastes together.

Once **Clean Harbors Environmental Services** has received and reviewed your application, you will receive a telephone call acknowledging acceptance of your application. The acknowledgment letter and/or call will provide you an appointment time for bringing your waste, and any changes to the collection event.
