Sprayer Efficiency Cost-Share Program

Purpose

This program provides cost share on the replacement of a limited number of parts for commercial pesticide spray equipment of agricultural producers in the Clackamas River watershed, for the purpose of increasing sprayer efficiency to reduce the amount of pesticide used. Reducing pesticides reduces the risk of polluting nearby waters that are used by humans, fish, and wildlife.

Terms and conditions

Application deadlines: This is a pilot program that expires on June 30, 2015 unless otherwise extended by action of the District. Program participants are advised to retain a copy of this application and any accompanying documentation submitted to the District.

Funding availability: Funds for this program are limited and are available on a first-come, first-served basis. Details of the program are subject to change at any time and without notice. Total funding provided will depend upon the cost-sharing amounts in effect on the date the equipment is purchased, and shall never exceed the total cost of parts and materials. Funding shall be available for one sprayer unit per operation per year.

Participants are required to contact the District prior to purchase of replacement parts, with an approximate cost. After the District approves funding, funds for the approximate amount of cost-share will be ear-marked for that participant for 30 days. Parts must be purchased, installed, and receipts submitted within the 30 days to be considered for payment. After 30 days, if not used, the funds will be released for other participants.

Payment: Reimbursement will be paid after (1) submission of this completed application along with all required proof-of-purchase documentation, (2) approval by the District to proceed, and (3) satisfactory completion of on-site verification by the District, if selected for verification. Please allow at least 60 days from the District's receipt of all information for delivery of payment. Failure to deliver all required documentation may result in delay or withholding of payment.

Proof of purchase: Participant must submit all sales receipts, invoices, and other pertinent documents for all equipment purchased. The proof-of-purchase documentation must show: (1) the date of purchase and the itemized price paid, and (2) the size, type, make, and model or part number of equipment purchased. Participant shall provide the District with additional proof-of-purchase documentation or information upon request.

Verification: Equipment installations may be selected for an on-site installation verification inspection. Should a Participant's facility or operation be selected for a verification inspection; satisfactory completion of that inspection must occur before payment will be issued. The purpose of this inspection is solely for verification that the equipment has been purchased and is installed. No warranty is implied.

No endorsement: The District and its representatives do not endorse any particular manufacturer, contractor, or product in promoting the Program. No endorsement is expressed or implied by the names of particular manufacturers, contractors, products,

or systems appearing on this application. Manufacturers, contractors, products, or systems not mentioned on this application are not implied to be unsuitable or defective in any way.

Disclaimer of warranties: The District and its representatives make no guarantee or warranty whatsoever, whether express or implied, with respect to the equipment purchased and/or used in this Program. Participant assumes the risk of any loss or damage(s) that the Participant may suffer in connection with the equipment.

Equipment installation: Participant represents that: (1) it has the right to install the equipment; and (2) that all equipment installed and work performed complies with applicable federal, state, and local laws and ordinances, and with any manufacturer instructions.

Tax liability: The District is not responsible for any tax liability which may be imposed on the Participant due to Program payment(s). Such payment(s) provided for the purchase of pesticide sprayer equipment and associated parts may be considered taxable income, in whole or in part, by the Internal Revenue Service. Participants receiving \$600 or more during a calendar year from the District may receive an IRS form 1099 from the District. The District does not provide tax advice, and any communication by the District is not intended or written to be used, and cannot be used, for the purpose of avoiding penalties under the Internal Revenue Code.

Limitation of liability: The District's liability in connection this application shall be limited to the amount of any Program payment owed. Neither the District nor its representatives shall be liable to the Participant or to any other party for damages of any kind, including, but not limited to, general, special, incidental, consequential, or punitive damages arising from, or associated with, this application.

Governing law: This agreement shall be exclusively governed by, and construed in according with, the laws of the state of Oregon, without regard to any conflicts of laws or rules thereof.

Facsimile/scanned signature and/or document: Facsimile transmission of an original document or an electronically transmitted scan of an original document shall be regarded as equivalent to the physical delivery of the original signed document. Upon request, the Participant shall confirm the transmission of such documents by providing the original documents.

Agreement

I hereby certify that all information supplied on this application is true and correct, that I have read the preceding Terms and Conditions and agree to be bound by them, and that I am duly authorized to enter into this Agreement.
