

Clackamas River Water Providers Financial Assistance Program

Spill containment pallets

Spill kits

Containment trays

Double walled tanks

Berms

Spill Prevention Cost Share

What does it cover?

50% of the cost to purchase and/or install secondary containment equipment, up to \$1,000. Equipment may include spill kits, spill pallets, double walled tanks, repairs to floor drains, installation of shut-off valves, and construction of berms.

Who is eligible?

Businesses located in the Clackamas Industrial Area and up-stream from Clackamas River Water Providers drinking water intakes. Funding is available first come, first served, until program funds are depleted.

How do I apply?

Complete the application on page two, and follow the instructions.

Eligibility Requirements

- **Secondary containment or spill prevention devices** must provide 110 % containment of the largest container, or 10 percent of the total volume stored at the location; and constructed of impervious materials or coated with a chemical resistant coating compatible with the hazardous material being stored.
- **Constructed containment** may include cast-in-place, extruded concrete berms, or pre-manufactured synthetic or fiberglass berms. Installation of recessed floor sumps or recessed containment trenches or receptacles.
- Repair work, or purchase and installation of materials has to have been **completed within the last six (6) months** to qualify.
- For Cost Share Program provide CRWP with a **receipt or invoice** and documentation (photos) of the work completed or equipment purchased for reimbursement.

Questions?

If you are not sure if your business is located within the watershed, or want to learn more about free technical assistance, email kims@clackamasproviders.org or call **503-723-3510**.

Working together to protect and conserve our drinking water.

Clackamas River Water Providers Technical Assistance Program

The Clackamas River Water Providers (CRWP) offers free technical assistance to businesses located in the Clackamas River watershed. This includes:

- Conducting facility site visits
- Identifying environmental best practices
- Assistance with spill response plans
- Identifying secondary containment options
- Help applying for cost share program funds

To get started, complete the application below and check the box for “Technical assistance visit.”

CRWP is a coalition of the municipal water providers that get their drinking water from the Clackamas River who are working together on source water protection issues.

Cost Share & Technical Assistance Application Form

I want to apply for (check all that apply):

- Free spill kit
- Technical assistance visit
- Secondary containment cost share

Business name _____

Staff contact _____

Street address _____

City, State, Zip _____
