Mini Water Education Grants

Clackamas River Water Providers has funding to offer our service area teachers mini water grants of up to \$250 per teacher, each year for water related projects. The grants may fund an entire project, or be used to supplement a project. The funding can be used to buy materials for water related activities, bussing for water related field trips, or to pay for water related training or courses for teachers and/or students. All teachers are eligible for the grant. All projects should be specifically tied to water related issues including but not limited to:

- Drinking water and water distribution
- Water conservation
- The properties of water
- The water cycle
- Watersheds
- Water quality and pollution
- Sources of water

The CRWP may request verification that the project or activity was completed. This could include copies of invoices, a written summary of the project, photos or other related documentation.

How to Apply

Simply submit the completed application form. There is no deadline for applications. Applications are accepted year-round as long as funding is available. If your application is approved, you will receive a check for the amount requested by mail within a month.

Mail or email the completed Water Education Grant Application to:
